

Panasonic recommends Windows Vista® Business.

LEGALLY, WE CANNOT SAY, YOU'LL SET THE WORLD RECORD FOR TRUCK ROLLS.

While we aren't suggesting this is a major competition, taking a laptop computer on the road will surely enhance productivity and provide impressive results. We built the fully-rugged Toughbook® 30 to let field workers access information, organize workflow and dramatically increase productivity. It has a magnesium alloy case to protect the shock-mounted hard drive, spill-resistant keyboard, an easy-to-read LCD and optional GPS to help you get where you're going faster. The Toughbook 30. One for the record books, it outperforms more than we can legally say.
